

TRY LOCK GAME ON IDAHO MAN

A. J. Murphy and David Harvey Land in Jail as a Result.

HALL TOO WISE FOR THEM

TAKEN UP ON HILLS FOR VIEW OF THE CITY.

The old lock game failed to work yesterday on James Hall, an Idaho merchant, when he was lured away to the tower near City Creek canyon by A. J. Murphy and David Harvey, two alleged gamblers. Mr. Hall's kind friends who promised to show him the city and take him to where he could overlook the beautiful Salt Lake valley are now languishing in the city jail charged with gambling. When searched by Detective Richard Shannon and Police Officer Horace Heath, at the police station a "flush roll" of \$500 was found in Murphy's pockets. The bills proved to be counterfeit and consisted of fifty \$100 greenbacks. Besides this Murphy had forty \$1 greenbacks which is good money and about \$100 in gold and silver. The two little locks which do the work were found on Harvey and a special detective's badge to make the bluff good. The men were well dressed and are not known here by the police. As near as could be learned these men have only been in Salt Lake a couple of days and this is believed to be the first "trick" they have attempted.

Start to See the Sights.

Hall was met in the usual way by Murphy, who introduced himself and explained that he was going to take in the sights about the city. He said he had been in Salt Lake before and could probably give Hall some assistance. Hall accepted Murphy's invitation to show him about the city. It was afterwards suggested by Murphy that they go up on the bench where they could overlook the entire valley. This was perfectly satisfactory to Hall and they started off. When they reached the tower Murphy found a lock in the pocket and showed it to Hall. He told Hall that it was possibly lost off a dog's collar and in the meantime he discovered he could open it. At this point another "tourist" who afterwards proved to be Harvey came wandering over the bench. Harvey was stopped and the two men commenced talking to him about the beauties of Salt Lake valley. Murphy then showed Harvey the lock and the latter attempted to open it.

Could Not Open the Lock.

"I wish I had a key for it and it would be some use to me," Harvey said as he worked at the lock. "Why, you don't need a key. I Hall?" Murphy said, turning around to Hall. "Murphy said, turning around to have the 'sucker' corroborate his statement. Mr. Hall made no reply and Harvey kept working at the lock. "I'll bet any part of a hundred dollars that neither one of you can open it in a week," Harvey exclaimed. Murphy backed down because he hadn't the money, so he said, but tried to get Hall to call the bet and he would stand for half the money when he got back to his room.

"Say, do you see anything green in my eyes?" Mr. Hall exclaimed as he walked away. "I've seen gamblers like that one worked before, and I'm not as easy as I look."

Hall returned to the city and reported the affair to the police. He gave a description of the men, and Detective Shannon and Police Officer Heath gathered them in. A complaint will be filed today charging them with gambling, and Mr. Hall will remain in Salt Lake to testify in their case.

YOUTH FATALLY HURT NEAR LOGAN PROGRAMME FOR STATE TEACHERS

Charles Roach, Aged 16, Horribly Mutilated by the Explosion of a Gas Generating Tank at Hyde Park, a Small Village North in Cache Valley.

(Special to The Herald.)

LOGAN, Nov. 17.—The explosion of a gas generating tank this evening at the little town of Hyde Park, four miles north of here, fatally injured 16-year-old Charles Roach, son of Selby Roach of this city. Mr. Roach and his brother, Myers Roach, were also injured, although their wounds are of a minor nature. Young Charles Roach is now lying at a hospital in Logan, and Dr. D. C. and T. B. Eudge, the attending physicians, say his death is but a matter of hours.

Tank Was Being Repaired.

Selby Roach, who came here from Park City, was until recently manager of the Thatcher opera house, but a few days ago went out on the road in charge of a theatrical company, taking his boy with him. The company exhibited moving pictures and carried along a tank in which gas was generated for throwing the pictures on the screen.

MONOPOLY IN THE DRUG BUSINESS

Public Forced to Pay \$16,000,000 Annually to the Combination of Wholesale and Retail Dealers—Figures Produced in Court.

PHILADELPHIA, Nov. 17.—In the suit of C. G. Loder against the National Association of Wholesale & Retail Druggists and the Philadelphia Association of Retail Druggists, before Judge Holland, in the United States circuit court today, statistics were produced by counsel for the plaintiff to show that during the past six years the public has paid \$96,000,000 in increased prices for drugs.

Loder, who is a cut-rate druggist, is asking \$100,000 damages for an alleged conspiracy on the part of the defendants to ruin his business.

APPRAISERS AT WORK UPON ALICE ROOSEVELT'S ORIENTAL PRESENTS

Washington, Nov. 17.—The examination and appraisal of the presents received by Miss Alice Roosevelt during her visit to the Orient has begun. The officials at the Georgetown custom house have begun to open up the twenty-seven boxes in which the presents were shipped, and other souvenirs of the visit which resulted in a social conquest of the far east by the president's daughter.

The custom officials say the task is anything but an easy one owing to the necessity laid on them to appraise the goods on their commercial value. Only about one-third of the boxes have so far been opened, and Collector Nyman and his staff are said to be somewhat surprised as the valuation of their contents will exceed scarcely a few thousand dollars.

Although the presents have laid in

This tank got out of repair while at Hyde Park today, and was taken to a blacksmith shop to be mended.

Horribly Mangled.

Young Charles Roach was holding the tank on the day when, through some unknown cause, the gas exploded. One of the boy's arms was torn off and hurled a distance of 150 feet from the shop. His other arm was torn into shreds and his abdomen was literally riddled by pieces of flying steel. His uncle, Myers Roach, was severely cut about the head and face and his father sustained minor injuries.

The blacksmith shop was wrecked and pieces of steel were scattered for blocks around.

Benefit to Be Given.

The boy was placed in an ambulance and brought to this city. The family is in poor circumstances and in view of this Logan citizens have arranged to give a benefit entertainment in the opera house Saturday evening.

Clayton F. Shoemaker, senior member of the wholesale firm of Shoemaker & Busch, had testified that to some extent his refusal to supply a cut-rate druggist was due to his sympathy for the small retailer.

Loder for Mr. Loder then produced figures and asked him where his sympathy for the consumers was, who the lawyer declared, had paid \$16,000,000 more annually for medicine during the six years since the combination of wholesale druggists was effected.

Mr. Shoemaker said he did not believe the figures.

the strong room in the basement of the Georgetown postoffice building in which the customs house is located for three weeks, guarded night and day, there is no effort to get rid of them quickly. When the president instructed that no special hurry was desired, and that they should take the regular course, the officials devoted their attention to appraising the large amount of merchandise that had already arrived. They were unusually busy owing to the importation of Christmas goods.

As the work of appraising Miss Roosevelt's presents is being done along with the other work of the office, it is doubtful if the last box will have been examined and the valuation fixed before next week. Miss Roosevelt, who is on a visit to relatives in Massachusetts, will probably be home in time to receive them at the White House. Some of the presents she has not yet seen.

UNDERGROUND FOR BERLIN.

Berlin, Nov. 17.—The municipality of Berlin today voted to build an underground railroad from the north to the south of the city. The line, which will cost about \$12,750,000, will be electrical, and will be operated by the city. The measure still requires the sanction of the town council.

MINTO AT BOMBAY.

Bombay, Nov. 17.—The Earl of Minto, the new viceroy of India, formerly governor general of Canada, arrived here today. The retiring viceroy, Lord Curzon of Kedleston, will leave Bombay tomorrow for England.

"A thousand thanks for the sentiments expressed in your cablegram. The Cuban people have not forgotten the noble, moral, trustworthy people of the United States with the speculators who, under the claim of Americanism, consider themselves authorized to carry into effect regarding Cuba whatever comes to their minds, whether just or unjust, when impelled by motives of selfishness and personal interest."
